# US Senate passes bill to fight anti-Asian hate crimes

**REUTERS** April 23

THE SENATE ONThursday passed a bill that would help combat the rise of hate crimes against Asian Americans and Pacific Islanders, a bipartisan denunciation of such violence during the coronavirus pandemic and a modest step toward legislating in a chamber where most of President Joe Biden's agenda has stalled.

The measure would expedite the review of hate crimes and provide support for local law enforcement in response to thousands of reported violent incidents in the past year.

Police have seen a noted uptick in such crimes against Asian Americans and Pacific Islanders. That includes the February death of an 84 year-old man who was pushed to the ground near his home in San Francisco; a young family that was attacked in a Texas grocery store last year; and deadly

shootings last month in Atlanta, where six of the victims were of Asian descent. The names of the six women killed in Georgia are listed in the bill, which passed the Senate on a 94-1 vote. The House is expected to consider a similar bill in the coming weeks.

These unprovoked, random attacks and incidents are happening in supermarkets, on our streets, in takeout restaurants basically, wherever we are, said Democratic Sen. Mazie Hirono of Hawaii, the legislation's lead sponsor. She said the attacks are a predictable and foreseeable consequence of racist and inflammatory language that has been used against Asians during the pandemic, including slurs used by ex-president Trump.

# JPMorgan apologises for role in Super League

JPMORGAN CHASE apologised on Friday for its role in arranging billions of dollars in financing for a breakaway European soccer league, admitting in a statement that it had "misjudged" how the project would be viewed by fans.

JPMorgan Chase had pledged about \$4 billion to underwrite the new league, but the American bank did not end up issuing it or losing any money: The league collapsed only 48 hours after it was announced, after more than half of its 12 founding clubs announced they would not take part. Like the 12 clubs involved in the breakaway

group — which included European giants like Real Madrid and Barcelona, Manchester United and Liverpool, Juventus and AC Milan — JPMorgan had come under intense criticism for participating in the plan. Designed as a 20-team league with 15 permanent members, it would have severely cut in to the revenues of dozens of national leagues, imperiled the finances of the hundreds of European clubs who were left out, and upended the structures that have underpinned European soccer for a century — all while funneling billions to a few elite teams.NYT

EU on track to beat vaccine goal as Pfizer boosts capacity: European Commission President Ursula von der Leyen said the European Union's Covid-19 vaccination campaign is on track and the bloc will meet a key goal in July. Von der Leyen said she's "confident" the EU will have enough doses to vaccinate 70% of adults in July. Her optimistic comments on Friday come as the EU vaccination campaign steps up a gear after a faltering start, and some member states start to loosen the restrictions that have crippled economies across the continent. Separately, the EU's drug regulator said it's approved plans to ramp up production capacity at a Pfizer plant in Puurs, Belgium by 20%. The European Medicines Agency also approved a new filling line at a Moderna site in Spain.

## Access to justice now depends on access to technology: CJI Bobde

NEW DELHI, Apr 23:

Outgoing Chief Justice of India (CJI) S A Bobde, credited

with ensur ing Supreme Court's quick transition to technology during unprecedented COVID 19 pandemic

referred to

new kind of "equality and inequality" in virtual hearings, saying now "access to justice depends on access to technology".

In his farewell address at the virtual function organised by Supreme Court Bar Association, the 47th CJI said the performance of India's top court was "among the best" in the world during the COVID-19 pandemic as it was not closed even for a day due to the deadly virus.

He said the pandemic required the Supreme Court to learn new things about communications, and it was decided that the video conferencing was the way forward.

"We have got used to it and it is here to stay in certain cases. I have flagged certain intractable problems of virtual hearing and one of them is the new kind of equality, inequality which is created.

"I don't wish to dwell much on it, except to say that equality, inequality that already existed has been augmented by the fact that VCs have become technology dependent and your access to justice depends on your access
