Ram temple in Ayodhya to be ready by Jan 1 next year: Shah { M JAGADESH KUMAR } UGC CHIEF setting up campuses in India will

AN

Priyanka Deb Barman and Smriti Kak Ramachandran letters@hindustantimes.com

AGARTALA/NEW DELHI: Union home minister Amit Shah announced in Tripura on Thursday that the Ram Temple at Ayodhya will be ready by January 1, 2024, the first time a specific date is being assigned to the event. The trust in charge of building the temple had previously indicated the temple would be ready by January 2024 but not mentioned a date.

"Should the Ram Temple in Avodhva be constructed or not? After Babur razed it and since we got Independence, Congress was responsible for keeping the matter pending in courts. But when Narendra Modi came to power and the Supreme Court gave its ruling, he announced construction of the temple.," Shah said at a public meeting at Sabroom, flagging off a rath vatra for the ruling Bharatiya Janata Party (BJP)

"In 2019, Rahul Gandhi used to taunt us as say that while we keep promising construction of the Ram Temple, we never give a fixed date . I would like to tell him and everyone else that the Ram Temple at Avodhva will be ready on January 1, 2024," he added. The Supreme Court, in a late 2019 judgment, paved the way for the con-

struction of the temple with an order that put an end to a decadeslong movement. The construction of the temple has been a constant

in the BJP's manifesto since 1996. Shah added that, within a year or two, the Tripurasundari temple in Tripura would also be built. The northeastern state goes to the polls this year, and the Union home minister was on a day-long trip to flag off two rath yatras of the state's ruling BJP and address two public meetings

Shah appealed to the people to keep their faith on the development model of PM Modi in the upcoming assembly polls. "Whatever development vou have seen since 2018 under the reign of Biplab Kumar Deb and Manik Saha is just a trailer. The entire movie is still left," said Shah.

Reacting to Shah's statements. Tripura Pradesh Congress president Birajit Sinha said:" The BJP is engaging in politics by depriving people of basic necessities, like, food, employment. We condemn this kind of politics.'

Earlier, addressing a gathering at Dharmanagar, Shah said the BJP would return to power in Tripura with two-thirds majority on account of its focus on "vikas' (development), "vishwas" (faith), " "susashan" (good governance) and "suvidha" (facilities) instead of the

Amit Shah

"vinash" (destruction), "vivaad" (quarrels), "kushashan" (bad governance) and "duvidha" (confusion) seen during the rule of the previous Left Front government in the state. "There used to be infiltration.

terrorism, corruption, trafficking, crimes against indigenous in Tripura. But, we have brought development in the state, "said Shah. The BJP central leadership has

set its sights on not just retaining power but also maintaining its massive mandate from 2018, and is. therefore, deploying senior leaders to underscore how the BJP's rule has been vastly different from that of the Communist Party of India-Marxist (CPM) in terms of development, said a senior party functionary aware of the details.

In 2018, the party stormed to power in the Left bastion, winning 36 of the 60 seats in the assembly and reducing the CPI(M) to 16. "The contest in Tripura is a bat-

tle of the ideologies. In 2018, the BJP came to power exposing the deficiencies of the Left government that had been in power for three decades. In 2023, the party will form government based on the delivery of promises," said a functionary, requesting anonymity. In Dharmanagar, Shah also

spoke of the agreement the government has reached with the banned group National Liberation Front of Tripura (NLFT) to end insurgency in the state. He slammed the Opposition CPI(M) and Congress, saying that they had not done enough for the state's development.

In response, CPI(M) state secretarv Jitendra Chaudhury said: "The latest NCRB report shows surge in rate of crimes, infiltration. and he blames CPI (M) for that. This is his double-standard attitude.'

The eight-day-long rath yatra will conclude on January 12 at Agartala where BJP national president JP Nadda is scheduled to address a gathering. The yatra will cover nearly 1,000km, across almost all constituencies. Besides the yatra, the BJP plans to hold over 100 meetings and 50 roadshows to highlight the government's performance.

The BJP's campaign is expected to pivot on the theme of develop-

ment, but the reduction in insurgency will be prominent in its list of achievements. "The reduction in corruption and insurgent activities has changed the quality of life in Tripura.." said the functionary quoted above. In recent weeks, dissension

within the party saw several leaders and elected representatives quit and joined the Tipraha Indigenous People's Regional Alliance (Tipra) Motha headed by former Congress leader Pradyot Bikram Manikya Debbarma. The BJP also hopes the appointment of Manik Saha as chief minister in 2022 will help buck anti-incumbency and override issues of administrative lapses that made news during his predecessor Biplab Deb's tenure.

"There were issues between Biplab Deb and some senior leaders but these have now been resolved. There is a cohesive unit with both the CM and the ex-CM ready for the electoral battle," the functionary cited above said.

Tipra Motha's call for a separate Tipra land has found some resonance among indigenous people and forced the BJP to increase its outreach to tribal communities The party had performed well (winning 18 of the 28 seats) in the Tripura Tribal Areas Autonomous District Council elections in April

be a win-win situation as it will provide Indian students an opportunity to access international education in their homeland, and boost arrival of foreign students to India, University Grants Commission (UGC) chairperson M Jagadesh Kumar said in an interview to Fareeha Iftikhar. Edited excerpts:

What is the significance of these regulations and how will they help the country in establishing itself as a

global education hub? The commission has framed the regulations in line with the National Education Policy (NEP) 2020 that envisioned facilitating operations of top universities of the world in India. Since Foreign Higher Educational Institutions in India (FHEIs) can admit both Indian and international students, it will be a win-win situation for the country. It will not only help in providing greater opportunities to Indian students. but also attract international students to the country.

What type of foreign universities are expected to set up their campuses in India?

Universities that can offer popular programmes such as financial management, fintech. media, digital marketing, and business analytics, besides science and engineering are expected to set up their camstudents will go. This, therefore, puses here. A few European uniwill act as a self-regulation on

versities are in touch with UGC. We are writing to the ambassadors of about 55 countries where some of the top universities are located to seek their feedback on the draft regulations.

Why has UGC decided to give autonomy to these FHEIs in terms of fixing admission criteria. fees and faculty recruitment?

Since the FHEI gives the degree, it makes sense to use the same admission criteria for their campuses in India. The regulation says that the FHEI shall ensure that the qualifications of the faculty appointed shall be at par with the main campus of the country of origin. Since the FHEI, from their resources, pays faculty salaries, they also would like to choose faculty members from across the world. As far as the tuition fees are concerned, the regulation says that "the fee structure should be transparent and reasonable". If any FHEI charges exorbitantly, the students will look for other institutes. Ultimately, the quality of education they offer and the affordability will decide where

The admission procedure of these universities in India will be the same as they follow in their parent campuses. However, to take care of the interest of needy students, just as is done in top international universities, the regulation specifies that based on an evaluation process, full or partial need-based scholarships may be provided through endowment funds, alumni donations and tuition revenues.

Holistic dev in J&K only through diversification of agriculture: VC SKUAST-J

Jammu, Jan 05: Vice-Chancellor, SKUAST-Jammu Prof. J.P. Sharma on Thursday that the holistic development in Jammu & Kashmir can be brought only through diversification of agriculture as the per capita land holding in the Union Territory is less than the national average.

Speaking as a chief guest at a two-day workshop on Geographical Indications which concluded here at SKUAST-Jammu, Prof. J.P Sharma called for the promotion of local products of J&K like Kala Zeera, Rajmash, honey, mushroom and saffron. Vice-Chancellor, SKUAST-Kashmir Prof. N.A. Ganai and GI expert Padamshree Dr. Rajanikant were the guests of honor on the occasion.

VC SKUAST-Jammu emphasized on the preparation of a comprehensive list of potential GI products of the North-Western Himalayan region. He advocated the launch of a sensitization program for farmers through KVKs and for students through NAHEP on registration of GIs. He also urged for sharing the concept of GIs in Farmer's Producers Organizations.

Padamshree Dr. Rajanikant said that GI is the legal local guarantee and is the golden sparrow of India by its commodities such as handloom, handicrafts, spices, millets, etc. He appreciated different types of Dogra cuisine and stressed upon its conservation and dissemination. He urged for the preservation of ethnic community products. He explained the complete process of registration of GIs and answered the queries of the participants.

The second day of the workshop begins with the technical session third being chaired by Prof. J.P. Sharma and co-chaired by Dr. Lakshmi Kant, Director, ICAR-VPKAS, Almora, Uttarakhand.

During the session, Vice-Chancellor, SKUAST-Kashmir delivered a presentation on the topic IPRs in Agriculture- Way to prosperity'. He said that the different stakeholders must recognize and realize

Sd/-

 ${\rm the\,mantra\,of\,the\,IPR\,regime}$ so as to ultimately bring farmers away from subsistence farming with the transfer of IPR-enabled technologies through various commercial, cooperative, and public routes. He gave the example of the GI tag given to Kashmiri saffron (A prized GI commodity of Kashmir) with the proof of origin and its uniqueness. He discussed other GI products viz., Kashmir Pashmina, Sozni Art, Kani Shawl, walnut wood products, etc. He highlighted the future Green Revolution of the state with the aim to make J&K a bio-economic state with the national vision of Atam Nirbhar Bharat, saying a strong resilient approach is required for inclusive growth of India to join the league of developed countries. He also emphasized on the five pillars of self-reliant India-Economy, namely Infrastructure, System, Demography and Demand as

a strategy for Atam Nirbhar

Dr. Sudershan Kumar,
