The Basel Committee on Banking Supervision has issued Guidelines on Corporate Governance in July 2015, called as principles of Corporate Governance / Basel guidelines. Said Guidelines emphasize that the primary objective of corporate governance should be safeguarding of stakeholders' interest in conformity with public interest on a sustainable basis. The guidelines buttress the board's responsibilities for supervision and in particular risk governance. The implementation of these principles should be commensurate with the size, complexity, structure, economic

Principle 1: Board's overall responsibilities

The Board and Senior Management should know and understand the Bank group's organizational structure and the risk that it poses

Principle 6: Risk Management Function

Banks should have an effective, independent risk management function, under the direction of a Chief Risk Officer (CRO) or equivalent, with sufficient stature, independence, resources and access to the Board.
